

Registration for Eight More Blocks Announced

Registration in Heart Mountain is still behind schedule although 1000 male residents have registered to date, according to Joe Carroll, housing and employment officer. Carroll stressed that registration is compulsory except in case of illness. Registration will be conducted at 8-25 this week. The schedule follows:

Blocks 14, 15	Tuesday, Feb. 24, 10 a.m.
Blocks 1, 6	Thursday, Feb. 25, 8:30 a.m.
Blocks 9, 2	Friday, Feb. 26, 8:30 a.m.
Blocks 7, 8	Saturday, Feb. 27, 8:30 a.m.

Sample applications have been distributed and registration should be done as early as possible, Carroll said.

Conservation of Electricity Asked

Cooperation of all residents in the conservation of electric current is asked by Guy Robertson, project director.

Lights in offices and residential quarters should be turned off when they are not needed, Robertson said. Residents who control the street lights are urged to see that lights are not left burning during daylight hours.

All electric power used at Heart Mountain is metered by the Bureau of Reclamation and is paid for by the WRA.

Shoes Accepted for Repairs; Repairmen Wanted

Men experienced in repairing shoes are asked by community enterprises to contact Kamotaro Nakashima, manager of the shoe repair shop at 24-25 immediately.

From time to time it will be necessary to discontinue the acceptance of shoes for repairs because of the lack of facilities and the great handicap under which men are now working, George Ishiyama, assistant to the superintendent of community enterprises, said.

Shoes are now being accepted only on the condition that the customer is willing to have them repaired outside the center at slightly higher prices. Shoes should be cleaned before being taken to the shop, Ishiyama said. Shoes from the center are no longer being accepted for repairs by the Big Horn Shoe and Harness company in Worland, according to word received here.

Barbers and Beauticians Wanted

Applications for barbers and beauticians to work in the community barber and beauty shops are now being accepted at the personnel office in the administration building and at the community enterprises office.

Installation of fixtures and plumbing has been completed and opening of the shop is dependent only upon the employment of personnel, Scott Taggart, superintendent of community enterprises, declared. The shops are located at 8-29, 17-28, 22-29 and 25-28.

Additional Track Workers Wanted

To sign up additional track workers, H. H. Holmquist, representative of the Great Northern Railway, is extending his stay in Heart Mountain until Wednesday noon. Interested men may contact Holmquist at 21-26.

Milwaukee Relocation Officer Here for Interviews

Representing the Milwaukee, Wis., WRA relocation office, Victor P. Tabaka from the Chicago region will be in Heart Mountain until next Monday to interview evacuees interested in relocating either in Chicago or in Wisconsin. Tabaka may be contacted between the hours of 9 a.m.-12 M. and 1-4:30 p.m. at employment office, 21-26.

Residents Interviewed for Outside Employment

Interviews regarding employment outside are now being held by Floyd W. Schmoie of the American Friends Service committee and Gordon Hirabayashi at the Boys' and Girls' Activities headquarters, 23-25 instead of block 28 as previously announced. The hours will be the same, 1-5 p.m. daily and mornings by appointment only. Colonists interested in securing work in the middlewest and east are urged to see Schmoie or Hirabayashi.
